## Suing A Judge

The case of Ulrich v. Butler case # 09-7660, was a civil case attempting to hold the Court to limits as defined by Constitutional and Statutory Law. Here is the US Supreme Court decision.

Here are the details; fasten your seat belt:

In the Eleventh Judicial District of Illinois, Woodford County, in a civil case, an individuals civil and constitutional rights were denied as the third judge in the case (**first two Judges were recused after review by the Judicial Review Board**) **did deny multiple requests to have all proceedings recorded**, did state that no motions or petitions as filed by the individual would be heard, did illegally incarcerate the individual without regard to Habeas Corpus, did knowingly ignore Illinois state statutes, and not only violated due process of Law, but denied equal protection under the law.

Failure to obtain substantial Justice in state courts lead to suits being filed in Federal Court under Title 42 United States Code standard 1983. This suit asks for Relief of all orders made in violation of the Law, that Due Process of Law be allowed, and further issue relief as the court deems appropriate.

Case Law also states that when a judge acts as a trespasser of the law, when a judge does not follow the law, he then loses subject matter jurisdiction and the Judges orders are void, of no legal force or affect.

If an inferior judge acts maliciously or corruptly he may incur liability.

Kalb v. Luce, 291 N.W. 841, 234, WISC 509.

ORCP20A; Clearfield Doctrine; Accardi Doctrine; ex Parte Young; ex parte Milligan are all specifically called into this case. They are all governing law.

Claim: These courts on their records have denied me remedy by due process violations and failure to abide by governing law.

Claim: File on demand, as there is no fee for a man to obtain justice in a court. This has been denied and cases dismissed because I refused to be denied access to governing law. This fee has been collected and will not be reimbursed or refunded.

Claim: Each court listed has been challenged to prove their jurisdiction, in writing, into the record and not one has followed governing law or defaulted, legal fictions, color of law. They have jurisdiction over the corporate governance, US citizens and attorneys but not me until proven. This is a violation of governing law.

Claim: A right cannot be converted to a privilege to my detriment; this has been done to me. This is a violation of governing law.

This is where many start quoting case law. As I have quoted case law in several cases, many if not all, and it has been ignored. I will wait to quote more case law. Look it up Yourself. This is sufficient to start this case, I need only one claim.

Each person listed has many claims against them and to list them all here is a waste, as the transcripts and records filed into each case will with incontrovertible facts be the evidence for this case. Read the case, read the governing law, it is obvious to the jury. I am guaranteed Article III, 11<sup>th</sup> and VII amendment court.

I do legal not lawful and this is my best effort. If my work is deficient please notify me. My status is filed as fact: The right to expatriate is among those we all have. I have done so and filed it into the public record with city of Beaverton, and as a paper into the Beaverton Municipal Court in UC 7945181, and Federal District Court. It is not challenged, so it stands as fact. I am an American state national, a non US citizen; I am on Oregon; I am the trustee of a PMA in the name RONALD CHARLES VROOMAN; I am a flesh and blood man without mala in se crime; I am not in commerce with the state of Oregon; I am without the state of Oregon; within the united States of America. My status is defined and acknowledged in the public record and two courts of recorded, un-rebutted and stands as fact. Therefore, are we dealing with governing law?? Please remember I am not subject to your rules, codes, and statutes. You are, as determined by SCOTUS, that's governing law.

Each court and person listed has 21 days from service date to answer the claims and provide notice of intent to defend or default or be in default. This court has 90 days to start the trial, 21 days to prove jurisdiction or default with the same penalties.

The courts have jurisdiction over the corporate governance entities, inferior courts and BAR attorneys and US citizens that don't know better. But not me the flesh and blood man on Oregon, until proof of jurisdiction is filed in writing into the record of the court in each case, including this one. Therefore, they can comply; all except me are persons of the corporate governance...

A default is acquiescence to the charges and proof of desire to settle by finding against my convictions in both D144354M and UC 7945181. This filed document and a calendar are sufficient demand and to obtain from this or any federal district court an order to dismiss the convictions forever, to be so ordered by this or any federal court within 10 days from default date and to be enforced by the United States Marshal Service within 20 days from default date...

A default is also sufficient proof to demand that 18 USC 3571 due process has been violated and a penalty of 250,000.00 dollars in silver or the exchange rate in Federal Reserve Notes on the default date. To be paid to Ronald Charles Vrooman by each court and person in default or their bond or risk management insurance within 10 days of receiving the order from this court or be in contempt of this or any federal court and prosecuted within 10 days... To be so ordered by this court within 10 days from default date and to be enforced by the United States Marshal Service within 20 days from default date or be in contempt of this court and prosecuted within 10 days...

Without equivocation, mental reservation or secret evasion is required of all named here and acting in this matter. No color of law or legal fiction.
